

# Apicide

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

**1.1. Product identifier**

Product form : Mixture  
 Product name : Apicide  
 Product code : AP1012

**1.2. Relevant identified uses of the substance or mixture and uses advised against**

Use of the substance/mixture : Insecticide

**1.3. Details of the supplier of the safety data sheet**

Mystic Chemical Products  
 4520 West 160<sup>th</sup> St.  
 Cleveland, OH 44135  
 (216) 251-4416

**1.4. Emergency telephone number**

Emergency Number: Infotrac 1-800-535-5053

### SECTION 2: Hazards identification

**2.1. Classification of the substance or mixture**

Classification (GHS-US)

Carc. 2 H351

**2.2. Label elements**

GHS-US labeling

Hazard pictograms (GHS-US)

GHS08

Signal word (GHS-US) : Warning  
 Hazard statements (GHS-US) : H351 - Suspected of causing cancer.  
 Precautionary statements (GHS-US) : P201 - Obtain special instructions before use  
 P202 - Do not handle until all safety precautions have been read and understood  
 P280 - Wear protective gloves/eye protection/protective clothing  
 P308+P313 - IF exposed or concerned: Get medical advice/attention  
 P405 - Store locked up  
 P501 - Dispose of contents/container to in accordance with local/national regulations

**2.3. Other hazards**

No additional information available

**2.4. Unknown acute toxicity (GHS-US)**

No data available

### SECTION 3: Composition/information on ingredients

Mixture

| Name     | Product identifier | % | Classification (GHS-US)                                                                                                                            |

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

- First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). Suspected of causing cancer (.).
- First-aid measures after inhalation : Assure fresh air breathing. Allow the victim to rest.
- First-aid measures after skin contact : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
- First-aid measures after eye contact : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist.
- First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.

#### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

- suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand.
- Unsuitable extinguishing media : Do not use a heavy water stream.

#### 5.2. Special hazards arising from the substance or mixture

No additional information available

#### 5.3. Advice for firefighters

- Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire.
- Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

##### 6.1.1. For non-emergency personnel

- Emergency procedures : Evacuate unnecessary personnel.

##### 6.1.2. For emergency responders

- Protective equipment : Equip cleanup crew with proper protection.
- Emergency procedures : Ventilate area.

#### 6.2. Environmental precautions

Prevent entry to sewers and public waters.

#### 6.3. Methods and material for containment and cleaning up

- Methods for cleaning up : On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from other materials.

#### 6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

- Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eat, drink or smoke and when leaving work. Protect from moisture. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

#### 7.2. Conditions for safe storage, including any incompatibilities

- Storage conditions : Store in original container. Keep container closed when not in use. Protect from moisture.
- Incompatible products : Strong bases. strong acids.
- Incompatible materials : Sources of ignition.

#### 7.3. Specific end use(s)

No additional information available

# Apicide

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

|                    |                                |                       |
|--------------------|--------------------------------|-----------------------|
| carbaryl (63-25-2) |                                |                       |
| USA ACGIH          | ACGIH TWA (mg/m <sup>3</sup> ) | 0.5 mg/m <sup>3</sup> |

#### 8.2. Exposure controls

|                               |                                           |
|-------------------------------|-------------------------------------------|
| Personal protective equipment | : Avoid all unnecessary exposure.         |
| Hand protection               | : Wear protective gloves.                 |
| Eye protection                | : Chemical goggles or safety glasses.     |
| Respiratory protection        | : Wear approved mask.                     |
| Other information             | : When using, do not eat, drink or smoke. |

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|                                             |                       |
|---------------------------------------------|-----------------------|
| Physical state                              | : Solid               |
| Appearance                                  | : White to tan solid. |
| Color                                       | : white to tan.       |
| Odor                                        | : Minimal, if any.    |
| Odor threshold                              | : No data available   |
| pH                                          | : No data available   |
| Relative evaporation rate (butyl acetate=1) | : No data available   |
| Melting point                               | : > 1300 °C           |
| Freezing point                              | : No data available   |
| Boiling point                               | : No data available   |
| Flash point                                 | : 380 °F              |
| Self ignition temperature                   | : No data available   |
| Decomposition temperature                   | : No data available   |
| Flammability (solid, gas)                   | : Not flammable       |
| Vapor pressure                              | : No data available   |
| Relative vapor density at 20 °C             | : No data available   |
| Relative density                            | : 1.23                |
| Solubility                                  | : No data available   |
| Log Pow                                     | : No data available   |
| Log Kow                                     | : No data available   |
| Viscosity, kinematic                        | : No data available   |
| Viscosity, dynamic                          | : No data available   |
| Explosive properties                        | : No data available   |
| Oxidizing properties                        | : No data available   |
| Explosive limits                            | : No data available   |

#### 9.2. Other information

No additional information available

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

No additional information available

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

Not established.

#### 10.4. Conditions to avoid

Extremely high or low temperatures.

# Apicide

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 10.5. Incompatible materials

Strong acids. Strong bases.

### 10.6. Hazardous decomposition products

Carbon monoxide. Carbon dioxide.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity : Not classified

| carbaryl (63-25-2) |                           |
|--------------------|---------------------------|
| LD50 oral rat      | 230 mg/kg (Rat)           |
| LD50 dermal rat    | 4000 mg/kg (Rat)          |
| LD50 dermal rabbit | 2000 mg/kg (Rabbit)       |
| ATE (oral)         | 500.000 mg/kg body weight |
| ATE (gases)        | 4500.000 ppmV/4h          |
| ATE (vapors)       | 11.000 mg/l/4h            |
| ATE (dust, mist)   | 1.500 mg/l/4h             |

Skin corrosion/irritation : Not classified  
Serious eye damage/irritation : Not classified  
Respiratory or skin sensitization : Not classified  
Germ cell mutagenicity : Not classified  
Carcinogenicity : Suspected of causing cancer.

| carbaryl (63-25-2) |                      |
|--------------------|----------------------|
| IARC group         | 3 - Not Classifiable |

Reproductive toxicity : Not classified

Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated exposure) : Not classified

Aspiration hazard : Not classified

Potential Adverse human health effects and symptoms : Based on available data, the classification criteria are not met.

## SECTION 12: Ecological information

### 12.1. Toxicity

| carbaryl (63-25-2)             |                                                             |
|--------------------------------|-------------------------------------------------------------|
| LC50 fish 1                    | 2 - 10.36 mg/l (96 h; Cyprinus carpio)                      |
| EC50 Daphnia 1                 | 0.0064 mg/l (48 h; Daphnia pulex; Larvae)                   |
| EC50 other aquatic organisms 1 | 0.0076 mg/l (48 h; Simocephalus serrulatis)                 |
| LC50 fish 2                    | 0.86 - 4.3 mg/l 96 h; Salmo gairdneri (Oncorhynchus mykiss) |
| EC50 Daphnia 2                 | 2.3 ppm (96 h; Mytilus edulis)                              |
| TLM fish 1                     | 2.5 ppm (96 h; Oncorhynchus kisutch; Young)                 |
| TLM fish 2                     | 5.5 ppm (96 h; Lepomis macrochirus)                         |
| Threshold limit algae 1        | 0.03 mg/l (Microcystis aeruginosa)                          |
| Threshold limit algae 2        | 1.4 mg/l (Scenedesmus quadricauda)                          |

### 12.2. Persistence and degradability

| Apicide                       |                  |
|-------------------------------|------------------|
| Persistence and degradability | Not established. |

| carbaryl (63-25-2)              |                                 |
|---------------------------------|---------------------------------|
| Persistence and degradability   | Readily biodegradable in water. |
| Biochemical oxygen demand (BOD) | 0 g O <sub>2</sub> /g substance |

# Apicide

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 12.3. Bioaccumulative potential

| Apicide                       |                                                |
|-------------------------------|------------------------------------------------|
| Bioaccumulative potential     | Not established.                               |
| carbaryl (63-25-2)            |                                                |
| BCF fish 1                    | 140 (Ictalurus punctatus)                      |
| BCF other aquatic organisms 1 | 4000 (Algae)                                   |
| BCF other aquatic organisms 2 | 260 (Crustacea)                                |
| Log Pow                       | 2.32 - 2.36                                    |
| Bioaccumulative potential     | Low potential for bioaccumulation (BCF < 500). |

### 12.4. Mobility in soil

| carbaryl (63-25-2) |                                     |
|--------------------|-------------------------------------|
| Ecology - soil     | Not toxic to plants. Toxic to bees. |

### 12.5. Other adverse effects

Other information : Avoid release to the environment.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.  
Ecology - waste materials : Avoid release to the environment.

## SECTION 14: Transport information

In accordance with DOT

No dangerous good in sense of transport regulations

### Additional information

Other information : No supplementary information available.

### ADR

Transport document description :

### Transport by sea

No additional information available

### Air transport

No additional information available

## SECTION 15: Regulatory information

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

CAUTION: Harmful if swallowed. Harmful if absorbed through the skin. Avoid contact with eyes, skin, or clothing.

### 15.1. US Federal regulations

No additional information available

### 15.2. International regulations

#### CANADA

No additional information available

#### EU-Regulations

No additional information available

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Classification according to Directive 67/548/EEC or 1999/45/EC

Not classified

### 15.2.2. National regulations

No additional information available

# Apicide

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 15.3. US State regulations

No additional information available

## SECTION 16: Other information

Other information : None.

Full text of H-phrases: see section 16:

|                                     |                                                                |
|-------------------------------------|----------------------------------------------------------------|
| Acute Tox. 3 (Oral)                 | Acute toxicity (oral) Category 3                               |
| Acute Tox. 4 (Dermal)               | Acute toxicity (dermal) Category 4                             |
| Acute Tox. 4 (Inhalation:dust,mist) | Acute toxicity (inhalation:dust,mist) Category 4               |
| Aquatic Acute 1                     | Hazardous to the aquatic environment - Acute Hazard Category 1 |
| Carc. 2                             | Carcinogenicity Category 2                                     |
| H301                                | Toxic if swallowed                                             |
| H312                                | Harmful in contact with skin                                   |
| H332                                | Harmful if inhaled                                             |
| H351                                | Suspected of causing cancer                                    |
| H400                                | Very toxic to aquatic life                                     |
